

Membership Report 2021
Macnamara Field Naturalists' Club

2021 was another year of struggling with COVID-19 in the world at large. But not so much of a struggle in the MFNC world! We have done well with an increase in membership (see below) and maintained our traditions of outings and monthly meetings (virtually).

At the end of 2021 there were 287 members in the club. A significant part of that increase was children. There are now 31 child members with many of those grandchildren of members.

Briefly here are the membership stats:

	2020	2021	
Total Members	199	287	88
Total Memberships	113	160	47
Family Memberships	63	87	24
Single Memberships	50	73	23
Children		31	

Although most of our data is now up to date, if you have any changes in your contact information or interests, please update us at [Member Information](#).

Thank you all for your help in 2021. I'll close with the same wish as last year - hope to meet you all in person in 2022!

MFNC Membership – Roger Magoon
