Membership Report 2025

Macnamara Field Naturalists' Club

2025 was a more 'normal' year for the club. The remnants of COVID did not have a big impact on the club and meetings were hybrid, in person and Zoom, in almost all cases.

We also had our usual complement of world class speakers on a multitude of topics, many interesting field trips, quiz nights and our banquet.

See our club membership numbers for the last few years.
